On Wednesday last we visited the Grand Livery stable Farmington, proprietor Frank B. Allen. The stables consist of a large building with numerous stalls, whilst there is ample room for the horses to exercise in the extensive corral. Rev. Menaull lectured in the Presbyterian church in this town last Saturday night to a large audience. The reverend gentleman is a keen observer, an eloquent speaker and possesses a fund of wit that he can draw on at any time for the amusement of his audience. On Sunday morning, service was held by Mr. Menaull in the church. The sermon was preached on "Christian Progress in Life's Journey." The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional remedy, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.
